Pip Hodgkinson

Edit Assistant
 Editor, Junior

This CV may be kept on file and distributed for employment purposes

PROFILE

Over the past seventeen years Pip has developed his skills and knowledge of the industry in order to further his career in Post Production. With a very good working knowledge of Avid, Premiere Pro and FCP as well as Motion and After Effects, Pip can turn his hand to all the necessary elements of both Edit Assisting and Junior Editing at a very high level.

Primarily working with Avid has given Pip a chance to learn ISIS workflows along with Interplay. Day to day he is happy to work on ingest, conforms, exporting to a range of broadcast standards including AS11, QC and most typical Senior Assistant tasks.

He understands the importance of prioritising workloads as well as being organised. Pip has worked on a wide range of productions, from long form entertainment shows like Strictly Come Dancing to on location broadcasts. This together with his client facing experience make him a great all round freelancer.
